“Mas malamig na ang mga darating na araw. Ano ang temperatura?”

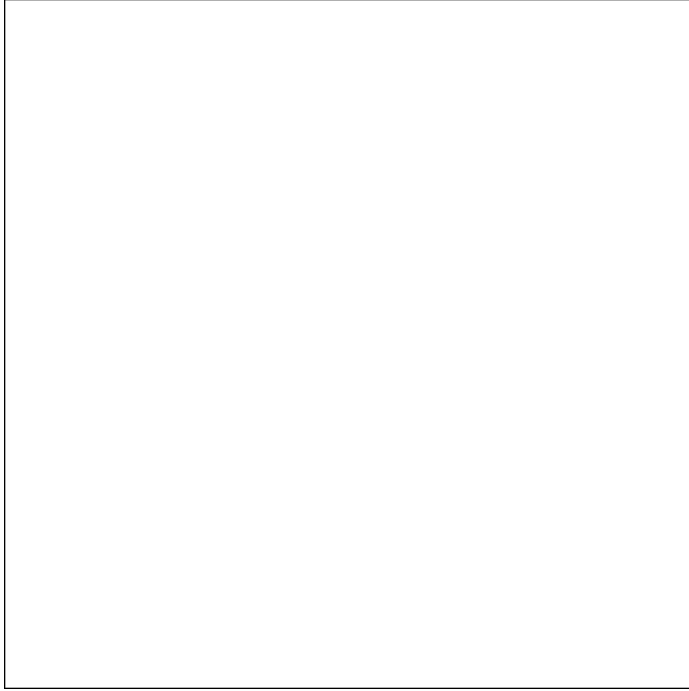

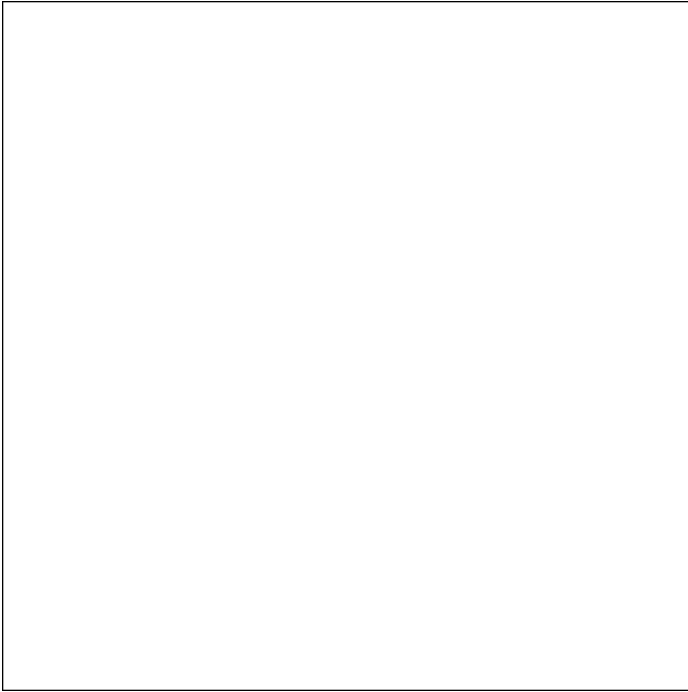

“Sana hindi naman. Ayoko ng masamang panahon, lalo na ang kulog at kidlat. Natatakot ako na baka matamaan ako ng kidlat.”

“Nine degrees. Taglagas pa
ngayon ngunit malapit na ang
taglamig.”

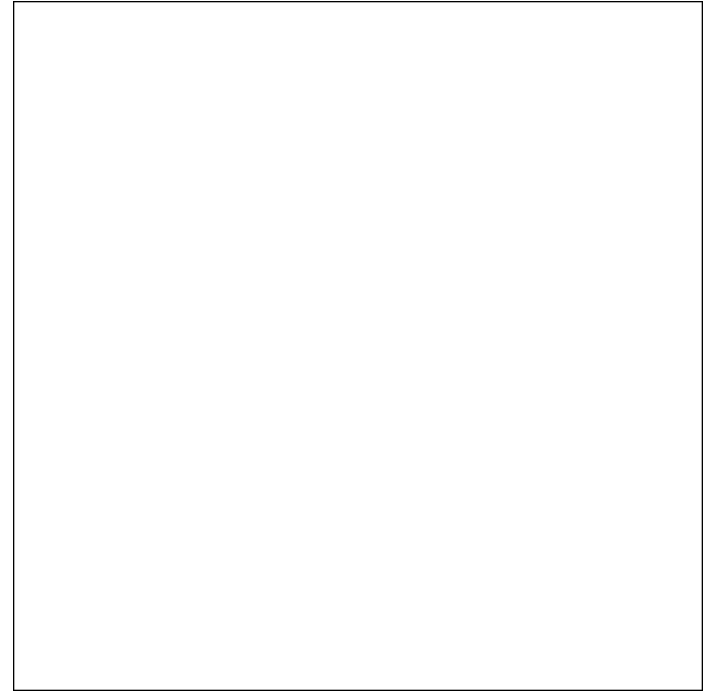

“Tingnan mo ang mga ulap.
Ulan bukas. Magiging
malakas din ang hangin.
Parang may bagyong
darating.”

“Inaabangan ko ang tagsibol
pero mas gusto ko ang tag-init,
kung saan ang panahon ay
maganda at mainit-init.”

“Hindi alintana ang lamig sa
akin. Ayoko ng ulan at hangin.”
